LOW UP

(VERTICAL PLATFORM LIFT)

A LIFE-CHANGING & VALUE-ADDING INVESTMENT

LOW UP VPL

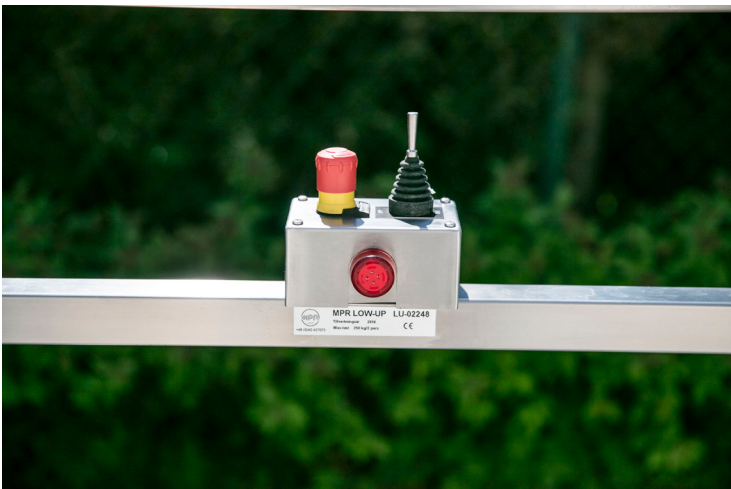

ACCESSIBLE, STYLISH & LUXURIOUS SINCE 1995

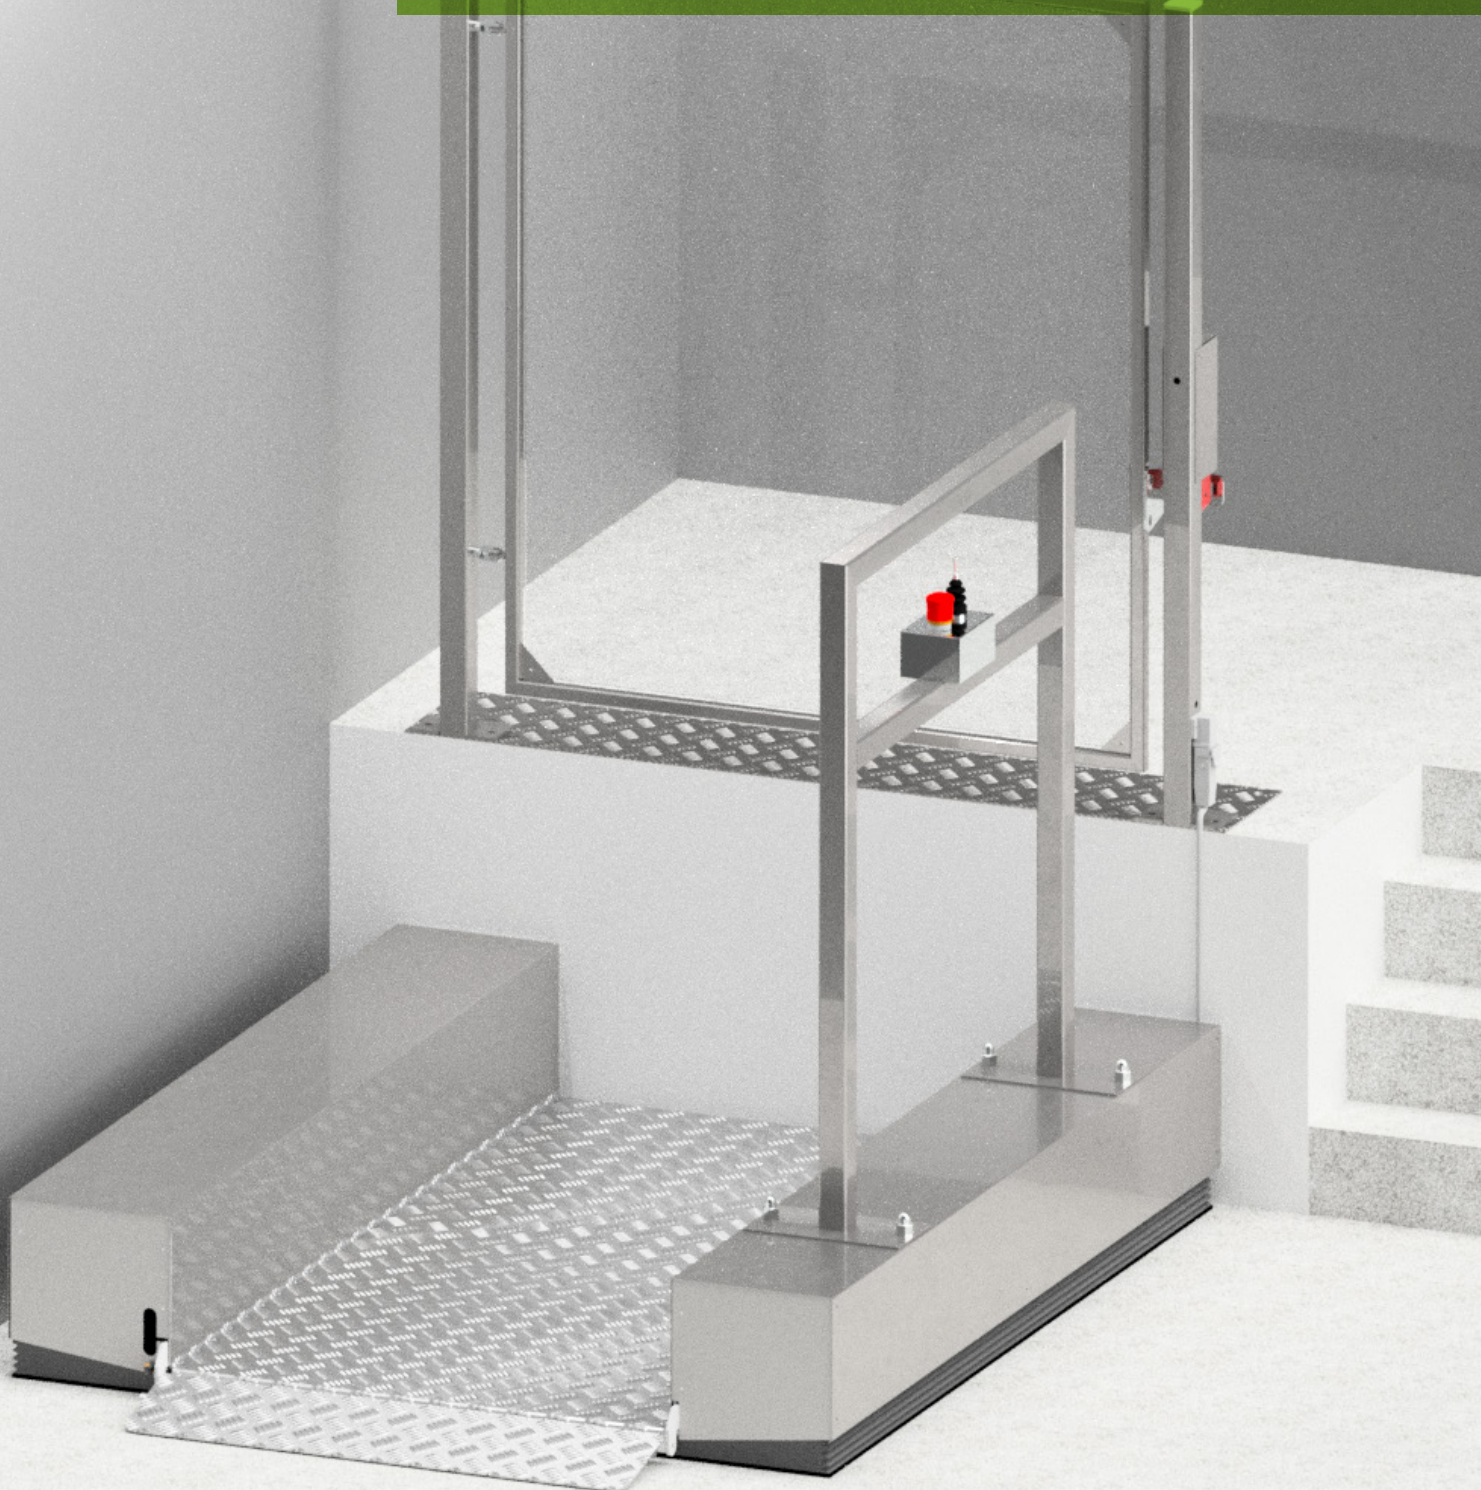

The "LOW UP" is a reliable low-rise lift (0-500mm) designed for safety and user control. Equipped with protective edges, roll-off protection, and handrails, it ensures secure and comfortable operation.

Customization options include two platform widths (715mm or 915mm) and a low 35mm threshold height. You can choose a wanderlead with a spiral cable for controls or add wireless call stations for seamless communication.

The standard design features durable brushed stainless steel with a checked aluminum plate flooring, making it suitable for indoors and outdoors use.

RESIDENTIAL LIFT PROMISE
