## Vertical Platform Lift

**RB 150** is an vertical platform lift, also known as wheelchair lift, which provides internal or external vertical travel up to 3 metres. The RB 150 can accommodate changes in level from 600 to 3000 mm in commercial and domestic environments and is an appropriate alternative solution to a fully enclosed platform lift.

RB 150 is specifically designed for applications with little or no alterations to existing buildings. The open style of design

Offers an aesthetically pleasing solution with brushed stainless steel finish as an option. The lift provides safe and easy access to a property where stairs would otherwise prevent wheelchair access.

It is designed to give customers choice and flexibility.

The RB 150 wheelchair lift is a space saving and cost effective way to provide everyone with access to your home or workplace.

The RB 150 is covered by a 24-month warranty.  
We offer a range of maintenance and service options which can be tailored to suit your specific requirements.

# FEATURES

- Modern lightweight design
- Stainless steel construction (OPTIONAL)
- Low space requirements
- High level of security
- Silent operation
- Simple to use
- No pit required
- Straightforward to install and easy to service
- Overall low maintenance and running costs

Our **Mechanical emergency fall brake for elevator** technology is under patent protection process at International level, i.e.: it has patent pending status in Lithuania Patent State Bureau and in World Intellectual Property Organization (WIPO).

# SPECIFICATIONS
